UPDATES

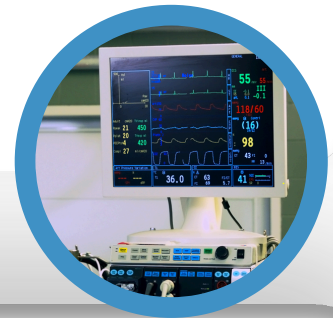

UPDATE Christmas Card Campaign

You found a way to get that mail through to us, your contributions enabled us to acquire a new patient monitor for the ICU. This advanced monitor improves how vital data is provided at the patient's bedside, allowing for a more complete picture of their health for caregivers.

Fundraising efforts will continue to secure more - stay connected with us at facebook.com/TADHF for further updates!

Thank You for Your Generosity!

THE NEW FLUOROSCOPY UNIT Now Operational!

Timmins proudly stands as the sole provider of this service in the Cochrane District. This advanced equipment captures the body in motion, offering real-time imaging—imagine it as an X-ray movie.

Such dynamic imaging enables the detection and diagnosis of conditions that may go unnoticed in static images. Upgrading this equipment is essential for maintaining the Timmins and District Hospital's commitment to delivering exemplary care.

Thank you!

UNTIL NEXT TIME

ENJOY
your summer!

OUR MISSION

To inspire, enable and recognize community philanthropic support for patient care at the Timmins and District Hospital.

We're here to help you make a difference in healthcare!
